U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on DECEMBER 10, 1978
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
DECEMBER 11- 17, 1978
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

JAN 5 '79

EXPORT SALES REPORT

Comments on release of December 21, 1978, (based on reports from exporters for the week ending December 10, 1978).

Wheat: New sales activity declined from the rather brisk pace of the preceding week. Principal buyers included Brazil, Japan, Pakistan and Nigeria. Numerous other countries added nominal quantities to outstanding contract balances. Minor contract adjustments and destination switches resulted in insignificant changes in sales to several countries. The rate of exports continued heavy as accumulated exports now exceed 60 percent of the yearly export projection.

Corn: Sales activity continued heavy, exceeding 1 million metric tons (MT) for the sixth time in the last seven weeks. Japan and Taiwan dominated purchases. Many European countries also added significant quantities to prior contracts. Substantial sales to unknown destinations were switched to specified destination with the majority going to the U.K., Yugoslavia, West Germany and the Netherlands. The export volume surged, passing the 1 million MT level for only the second time this marketing year (MY).

Sorghum: Sales activity was heavy. Mexico's purchase of 140,800 MT and Japan's 84,200 purchase lead the way. Israel, Switzerland and Yugoslavia (initial purchase this MY) all bought modest amounts. The shipment pace recovered after the preceding week's lull.

Rice: A number of small sales were reported in a fairly uneventful week. Poland's purchase of 5,000 MT of medium-short grain milled rice with CCC credit and their first since MY 1976/77. Exports were modest.

Soybeans: Net sales (206,100 MT) were the smallest in a number of weeks with the EC and Taiwan accounting for over 85 percent. Numerous contract adjustments were reported with the net effect, a reduction in sales to the U.K., Mexico and unknown. Sales for MY 1978/79 rose by 83,600 MT. Exports (610,400 MT) were up 41 percent with the EC accounting for over half.

Soybean Cake and Meal: Cancellation of sales to West Germany, Ireland and unknown destinations partially offset increases to other destinations as net sales rose by only 65,300 MT. Small sales were also indicated for MY 1978/79. Exports (94,300 MT) also declined to about half of the previous week.

Soybean Oil: Sales to India (39,500 MT) reflected the assignment of the U.S. as the origin on optional origin sales and represented nearly 87 percent of the new sales recorded during the week. Exports (22,100 MT) were dominated by the 19,500 MT shipped to India.

Cotton: Sales activity slowed. Japan and Hong Kong added 18,300 RB and 14,300 RB respectively to current MY sales, principally Texas growth, while Korea bought 10,000 RB MY 1979/80 1-1/16" staple and longer. Exports improved to 123,100 RB with 85 percent going to Asia.

Barley and Oats: Showed no significant activity.
